## Cleaning

### Solid surface:

Spills should be cleaned up promptly. Clean with a mild detergent or soapy water and soft cloth. For more stubborn marks use a diluted very mild non-coloured abrasive cleaner with a soft cloth in light circular motions over the entire surface. Finish by cleaning off detergents with a soft wet cloth and towel dry. Avoid using bleach, highly acidic products and coloured abrasive cleaners on your bath.

### Glass:

Clean with warm soapy water or non-abrasive, non-acidic, liquid cleaner and a soft cloth. Finish by cleaning off detergents with a soft wet cloth and towel dry.

**Do not use harsh materials such as scourers or solvents as your glass may scratch.**
