

Arki

Renowned for challenging and exclusive design, Omvivo's recent collaboration with Hecker Guthrie lives up to expectations.

Hecker Guthrie approached Omvivo to fine-tune the design, and undertake production, of its unique vanity concept for Melbourne's The Emerald apartments.

The intention was to create a bathroom range which would complement Hecker Guthrie's iconic, minimalist style whilst offering apartment purchasers flexibility to customize the installation. The result is the stylish Arki basin. Featuring a contemporary capsule-shaped bowl, Arki's sleek, minimal lines combine with clever design to offer a chic basin which makes an impact statement in niche spaces.

'With a very specific design in mind, and wanting to create an open framed minimal vanity basin, we saw Omvivo as the perfect partnership to develop the conceptual ideas into a built form that would reflect the desired aesthetic for The Emerald building.'

Hecker Guthrie

Designed in Australia, the Arki range is slim-line to complement the narrowest of bathrooms, and fully molded for ease of cleaning. The basin can be wall mounted or installed on furniture, with wall-mounted or offset tapware.

Arki is available exclusively through Omvivo's Signature range.

Arki 470 Basin (470x300) RRP \$797.50 incl GST

Arki 700 Basin (700x400) RRP \$970.00 incl GST

Arki 900 Basin (900x400) RRP \$1087.00 incl GST

Arki basin materials: Solid surface White

Designer: Omvivo for Hecker Guthrie

Specialising in luxury contemporary bathware, Omvivo offers a collection of contemporary designer bathroom products, as well as custom designing and producing bathroom fittings and fixtures for discerning designers and developers.

The Omvivo design team is committed to creating innovative, sophisticated yet uncomplicated luxury for modern bathrooms. Omvivo's Melbourne-based facilities with in-house design team and superior production resources are utilised to produce project specific designs to suit particular aesthetics or solutions for a vast array of styles and spaces, from apartment living to large family homes, premium hotels and unique commercial applications.
