CLASSIC LUXE

Thomas & Alexander Interiors create true sanctuaries of style and sophistication. They aim to keep all your fittings and decor timeless, and the bathroom is no different – with their deft touch, it will never be out of style. Case in point: this stunning bathroom in a colonial Queensland home, combining the best elements of old-world style – herringbone carrara and grey marble floor tiles, white brick bond wall tiles, marble accents, chrome fittings and an elegant chandelier – with a thoroughly modern spin thanks to the white plantation shutters and frameless glass shower screen. thomasandalexander.com
