LE COB BATH

The sculptural design, luxurious comfort and complete experience the Le Cob bath offers, position this bath as the ultimate bathing vessel.

Le cob bath

About

Basins

Unique design and beautiful, superior quality materials combine to produce the exclusive Omvivo Signature Range. To eliminate water waste and for best performance an outlet using 5-7 litres per minute is recommended for all Omvivo basins.

Individual basins may require further specific attributes for the outlet or faucet, please refer to the drawings and additional information for details.

Omvivo basins are supplied with a polished chrome pop up plug and waste and the KL is supplied with a waste and unique stainless steel grate.

Baths

Omvivo baths are created from solid surface and are beautifully designed to enhance the bathing experience while creating a feature in the bathroom.

Each Omvivo bath is supplied with a solid surface plug and pop up waste.

Furniture

The Omvivo cabinets are designed specifically to compliment the Omvivo basins. Omvivo source a range of quality finishes that are not only durable but ecologically advanced for their furniture designs, providing stylish and practical storage solutions for a variety of bathroom environments.

Omvivo's timber powder coating is an effective, durable finish that matches the colour and matte surface of the basins beautifully. It completely encapsulates each panel so the appearance is consistent inside and out.

Omvivo's American oak, an attractive warm timber finish, adds a natural element to the bathroom and offers a beautiful contrast with solid surface basins and other basin finishes. Contact Omvivo for other available finish options.

Solid surface

Omvivo's Solid surface finishes have a wonderful smooth matt surface that is hard wearing, durable and easy to maintain, ideal for residential and commercial applications. Omvivo solid surface is non porous making it extremely stain resistant, scratches and marks can be cleaned or buffed out and in some cases it's even repairable when damaged.

Softskin

Softskin is a finish that provides a unique two tone effect available in two colours. With its soft tactile surface, Softskin is a contemporary and playful way of introducing colour and contrast into your bathroom.

CDesign

Basins

The CDesign range offers five contemporary and functional basins in solid surface and Softskin options. The family includes the Micro 485 basin, ideal for powder rooms and compact bathrooms, 620 and 1330 single bowl basins and two sizes of double basin, 1330 and 1620.

The single basins have an option of left or right hand bowls and all basins can be bench or wall mounted with wall or hob mounted taps. Each basin has an overflow and is supplied with a polished chrome pop up plug and waste.

Furniture

The CDesign cabinets are made in Australia and are designed specifically to partner the CDesign basins. The wall mounted cabinets all have smooth soft close mechanisms except the CDesign micro cabinet which has a left or right hinged door.

Lilli

Basins

The Lilli basins with their smooth curves are available in solid surface and Softskin options. The 400mm and 550mm basins can be wall mounted as well as installed onto a bench top. Lilli can be supplied with or without a tap hole and the Lilli 550 basin has an overflow. Each basin is supplied with a polished chrome pop up plug and waste.

Bath

Lilli bath's soft, sculptural lines create a statement for the bathroom. Enhancing the bath's appeal is its depth, which allows users to soak in ultimate relaxation. Created from solid surface, the Lilli bath can be customised with Omvivo's unique Softskin option. The Lilli bath has an overflow for piece of mind and is supplied with a white solid surface coated plug and pop up waste.

Pond™

The classically elegant Pond™ basin is lifted off the bench top by the spacer, creating the appearance of a floating vessel and allowing for easy cleaning. Pond™ is a beautiful addition to any bathroom. Available in solid surface, Pond comes with a polished chrome pop up plug and waste and spacer.

Basin

Solid surface white

Dune

Created from solid surface and available in white or night, Dune brings a natural element into the bathroom that is a work of art, yet has a functional bowl and practical side ledge. Dune has a unique elegant flowing form and is supplied with arms for wall mounting. The arms, created from stainless steel are designed to attach to studs or supports in a 90mm cavity wall. A 150mm wall outlet is recommended, with the water falling at a 90 degree angle directly down onto the vessel.

Basin

Solid surface white

Note: Basin can be ordered with a left or right hand bowl

Latis

Basins

The Latis collection offers a sculptural round 420mm basin and rectangular 600mm basin in solid surface and Softskin options. Latis will enhance both modern and traditional spaces, giving you stunning design with necessary function. Each basin is supplied with a polished chrome pop up plug and waste.

Furniture

The Latis trestle is a sophisticated yet uncomplicated piece of furniture and is designed to partner the Latis basins. Choose the all timber trestle or add a solid surface shelf to complement the trestle beautifully and contrast or match the finish of the basin.

Baths

The Latis collection offers two bath options, the first is the freestanding 1600 Latis bath. Created from solid surface, it's luxuriously deep yet compact to suit most bathrooms. The bath is available on its own, or with the practical timber storage end.

The second is the Latis oval bath. An elegantly sculptural piece following the curvaceous lines of the Latis basins. Both baths are created in solid surface and are supplied with a white solid surface pop up plug and waste and have an overflow.

Arki

Basins

Featuring a contemporary capsule-shaped bowl the Arki range is slim-line to complement the narrowest of bathrooms, and fully moulded for ease of cleaning. Created in solid surface, Arki basins can be wall mounted or installed on furniture. The Arki 700 offset basin can be ordered with left or right hand bowl. The 470 and 900 basins feature centre bowls. Each Arki basin has an overflow, can be ordered with or without a tap hole and is supplied with a polished chrome pop up plug and waste.

Motif

Basins

The Motif basins are an art piece for the bathroom, they can initiate the approach to a bathroom design or enhance the style of an existing one. Created from a combination of solid surface and glass with subtle fall to the waste, the Motif basin is available in three hand etched patterns Forest, Kaleidoscope and Pebble. Supplied with a polished chrome pop up plug and waste with a spacer, the basin floats above the bench top accentuating the patterns and creating stunning reflections on the vanity.

Furniture

The Motif vanity is a beautifully elegant piece specifically designed to complement the Motif basins, and will also suit many other styles of basin. It offers a discreet partitioned drawer and is supplied with two hand turned solid timber legs, all painted white. The vanity is finished with a solid surface bench top.

Mono

Basin

The Mono basin is a shallow vessel that offers a luxurious element to any bathroom. The Mono basin can be partnered with the chic cylindrical pedestal or installed on bathroom furniture. Created in solid surface with Softskin options available and supplied with a polished chrome pop up plug and waste and overflow.

Furniture

The Mono pedestal is designed specifically to complement the Mono basin and is available in solid surface with Softskin options. Offering a luxurious alternative to a standard wall basin or furniture, the Mono pedestal is a sophisticated feature for the modern bathroom.

KL

The KL basin is a uniquely modern design with gentle waterfall qualities. The KL is unlike traditional vessels as it does not hold water, it simply falls on the basin and flows to the back into the stainless steel grate. The KL can be wall mounted or installed on a bench top with wall mounted tapware. A 250mm wall outlet is recommended, with the water falling at a 90 degree angle directly down onto the vessel. KL is available in solid surface with Softskin options and supplied with a waste and unique stainless steel grate.

Washplane®

The Omvivo Washplane® is one of the most luxurious bathroom fittings available and is designed to simplify, yet enhance the bathroom experience.

Each Washplane® is designed in Australia to superior standards. The two styles, Geo and Onda are available in a range of unique finishes in a variety of sizes and are supplied with the hardware and drainage system to be installed into a cavity wall. The single 800mm Washplane® requires a 150mm length wall outlet while all other sizes require a 200mm wall outlet. The outlet should have a cascade style aerator, use no more than 7 litres per minute and have the water falling at a 90 degree angle, directly onto the Washplane® top.

Le Cob Bath

The signature Le cob bath is an extremely luxurious piece for the bathroom and creates a unique bathing experience. The soothing cascade overflow is naturally therapeutic, reminiscent of a river, as the water falls onto the pebbles below. Created from solid surface and glass, the Le cob is supplied with waste, overflow drain tray and pebbles.
