

The Urban 700 MK II vanity has a unique slimline solid surface basin with a sleek finger pull detail, giving it an exclusive, contemporary feel. Urban MK II 700 is a chic design and will suit a wide variety of environments from small bathrooms through to generous ensuites.

With a distinct offset left hand bowl and a soft close drawer the Urban 700 MK II is available in three luxurious finishes, each with adjustable internal dividers. It can be ordered with or without a tap hole and is supplied with a polished chrome pop up plug and waste and compact pvc p trap for plumbing.

In Australia, the Urban MK II range is available exclusively through Reece Bathrooms.

### Cleaning

Solid surface:

Spills should be cleaned up promptly. Clean with a mild detergent or soapy water and soft cloth. For more stubborn marks use a diluted very mild non coloured abrasive cleaner with a soft cloth in light circular motions over the entire surface. Finish by cleaning off detergents with a soft wet cloth and towel dry.

Avoid using bleach, highly acidic products and coloured abrasive cleaners on your basin.

Powder coat and laminate:

Never allow water or liquids to sit on your timber cabinetry. Always clean spills and water immediately. Clean with a mild, non-acidic, non-abrasive cleaner and soft cloth. Finish by cleaning off detergents with a soft damp cloth and towel dry. Avoid using bleach, highly acidic products and coloured abrasive cleaners on your vanity.
