

The Latis oval bath is an elegantly sculptural piece following the curvaceous lines of the Latis round and rectangular basins. Created from solid surface, this freestanding bath is luxuriously deep and will suit both contemporary and classic spaces.

The Latis oval bath was designed to partner the Latis trestle and basins to make a complete suite of luxury pieces for the bathroom. The bath complements the sculptural form of the basins whilst the trestle vanity with its clean angled lines contrast and enhances the soft curves of the basins and bath. The bath is supplied with a white solid surface pop up plug and waste and has an overflow.

Cleaning

Solid surface:
 Spills should be cleaned up promptly. Clean with a mild detergent or soapy water and soft cloth. For more stubborn marks use a diluted very mild abrasive cleaner with a soft cloth in light circular motions over the entire surface. Finish by cleaning off detergents with a soft wet cloth and towel dry. Avoid bleach and highly acidic products on your bath.
