

Linea Washplane® Solid Surface Single

Available finishes

Solid surface white

Solid surface dawn

In Australia, this product is available exclusively through Reece showrooms.

Assembly

Washplane® assembly includes:

- Washplane® Top
- Stainless steel cantilever brackets
- Zinc plated steel mounting frame
- Stainless steel tray
- Stainless steel removable drainer
- Stainless steel fascia
- Location saddles

Cleaning

Solid surface - Clean with a mild detergent and a soft cloth. For more stubborn marks a very mild abrasive cleaner can be used with a soft cloth over the entire surface in wide circular motions. Finish by cleaning off detergents with a soft wet cloth and towel dry.

Additional information and recommended fittings

Use a 200 mm wall outlet for all Washplanes with the exception of the 800 single Washplane® which requires a 150 mm wall outlet. Select an outlet that uses 5-7 litres per minute with the water falling at a 90 degree angle directly onto the Washplane®. The Omvivo wall outlets are ideal to use with a Washplane®. A cavity wall is needed to house the hardware and plumbing.
