Finishes & Materials

**Solid surface**  
Omvivo’s solid surface finishes have a wonderful smooth matt surface that is hard wearing, durable and easy to maintain, ideal for residential and commercial applications. Omvivo solid surface is non-porous making it extremely stain resistant, scratches and marks can be cleaner or buffed out and in some cases it’s even repairable when damaged.

**Caesarstone®**  
Caesarstone®, a world leader in composite stone material created from high levels of quarts (approx 93% Quartz aggregates) and resin, offers an attractive natural stone look. Caesarstone® has a relatively consistent finish, is extremely durable and does not require ongoing sealing like natural stone.

**Furniture**  
Omvivo source quality finishes, that are not only durable but ecologically advanced for their furniture designs. Omvivo’s laminates are selected for their quality, texture and beautiful warm timber tones. Omvivo’s Thermofoil finish (superior quality vinyl) is a durable material that’s very simple to clean and maintain, has an elegant satin finish and combines contemporary clean edges with strong sharp lines.

**Softskin**  
Softskin is a finish that provides a unique two tone effect available in four colours. With it’s soft tactile surface, Softskin is a contemporary and playful way of introducing colour and contrast into your bathroom.

Note: All dimensions are shown in millimetres.

Venice

**Basins**  
The Venice collection offers four sculptural basins in solid surface and softskin options. All are supplied with polished chrome pop up plug and wastes. Solid surface white waste cap sold separately.

**Furniture**  
Designed and made in Australia, the Venice cabinets, floating benches and mirrors include innovative features and hardware for sturdy and simple installation. The cabinets feature push to open drawers with divider insert and compact pvc p trap for plumbing.

Villa

**Basins**  
The Villa family has 3 styles of basin designed to bench mounted, in 2 organic finishes. The 600 basin with shelf can be installed with the shelf on the right or left hand side. Each basin is supplied with a waste with matching solid surface plug.

**Bath**  
The generous proportions of the Villa freestanding bath provides a relaxing and sumptuous bathing experience. The organic finishes and elegant profile will make any bathroom feel like a five star luxury resort. Villa baths have an overflow for piece of mind and are supplied with a matching solid surface pop up plug and waste.

## Neo

### Basins

The selection of clean modern Neo basins offers flexible dimension options and configuration to suit small powder rooms through to large family bathrooms. Neo basins can be wall mounted or partnered with cabinetry. The Neo mini, 700 and 1000 offset basins can be ordered with left or right hand bowl and each Neo basin has an overflow. Created in solid surface and available with Softskin options, the Neo basins can be ordered with or without a tap hole and are supplied with a polished chrome pop up plug and waste and wall basin fixings bolts. Solid surface white waste cap sold separately.

### Furniture

Neo cabinets are available in a range of sizes to suit the Neo basins. Sleek drawers with soft close mechanisms are partnered with an internal adjustable shelf (excluding slimline) offering ample storage with clean and uncomplicated appearance.

Washplane®

The Omvivo Washplane® is one of the most luxurious bathroom fittings available and is designed to simplify, yet enhance the bathroom experience.

The Washplane® is supplied with hardware and drainage system which is installed into a cavity wall. A 150mm wall outlet for a single 800mm Washplane® and a 200mm wall outlet for all others are recommended. Outlets that have a cascade style aerator, a 5-7 liters per minute capacity and water falling at 90 degree angle directly onto the Washplane® top should be used. Each Washplane® is designed and manufactured in Australia to superior standards.

Geo Washplane®

The generous structure and sharp line of the Geo Washplane® offers strong uncomplicated design.
